“The DIGIFASTone is an extremely versatile machine with a quick make ready! It has not only helped us finish the digitally printed rolls but it has also allowed us to produce added value labels.”

HEMANT PARUCHURI, CEO - Pragati Pack
Modular digital converting line

Processing at speeds of up to 90 m/min, DIGIFASTone is totally modular, available in L-R or R-L configuration and accepts additional processing units and upgrades as required. Fitted with intuitive controls and a series of smart design features which enable complete set-up times to be reduced to just over 8 minutes, DIGIFASTone boosts productivity beyond today’s standards and guarantees processing accuracy with 0.15 mm tolerances. Waste material is kept to just a few metres per job, making the machine perfect for short runs. Built with the new FUTURA open-platform technology, DIGIFASTone significantly increases productivity by generating less waste material and drastically reducing downtime between jobs.

TECHNICAL DATA DF330 UNIT
Max. working width 330 mm - inch
Max. machine speed in semi-rotary mode 90 m/min - fpm
Max. machine speed in full-rotary mode 150 m/min - fpm
Max. unwinding diameter 1040 mm - inch
Max. rewinder diameter on single shaft 800 mm - inch
Max. rewinder diameter on dual shaft 500 mm - inch
Max. rewinding diameter on SA dual turret 400 mm - inch
Min. slitting width with regular knives 13 mm - inch
Slitting accuracy  +/- 0.15 mm - inch
Min. side trim width 1.5 mm - inch
FLEXO PRINTING UNIT
Min. printing repeat length F/R 305 mm - inch
Max. printing repeat length F/R 609 mm - inch
Min. printing repeat length S/R 51 mm - inch
Max. printing repeat length S/R 559 mm - inch
ROTARY DIE-CUTTING UNIT
Min. die-cutting size F/R 305 mm - inch
Max. die-cutting size F/R 609 mm - inch
Min. die-cutting size S/R 51 mm - inch
Max. die-cutting size S/R 559 mm - inch
Max. matrix rewinding diameter 750 mm - inch
LAMINATION UNIT
Max unwinder diameter for laminaton or cold foil 450 mm - inch
Overlapping accuracy at constant speed  +/- 0.15 mm - inch

Label type: SA paper and plastic labels, no label look, wrap around, shrink sleeve.
